Subject: Area 40 Split Samples Met Stn Data

Chris,

As we discussed previously, can you forward to me any meteorological station data for the first 7-day Radiello130 samples that were retrieved last Friday 9/8, please? We need to provide the same Met Stn data to the EPA R9 lab that was provided to Aerojet's lab (Eurofins AT).

We will also need these met stn data again for this week's samples when available.

Thanks!
Tom
